## G. A. R. HEADQUARTERS MOVED TO COLUMBUS

Alliance, June 25.—State Commander John H. Sharer went to Cleveland Thursday and will move the state G. A. R. headquarters from that city to Columbus.

Commander Sharer has made the following appointments on his staff: Adjutant general—T. T. Smith, of Columbus.

Quartermaster—Major E. E. Scranton of Alliance.

Chief mustering officer—George H. High of Cincinnati.

Chief of Staff—W. G. Bentley of Salem.

School Commissioner E. A. Jones will probably be appointed patriotic instructor.

Heretofore the state headquarters of the Grand Army has been at the home city of the commander, but under the new regulations it will be located permanently at Columbus.

## BITE OF A RAT

Which Turned on Dr. Brecket Causes Septicemia—Death May Result.

Alliance, June 25.—Dr. A. D. Brecket of Lima is lying in the city hospital in a very precarious condition from septicemia or blood poisoning. About three weeks ago the doctor discovered a rat in a sluiceway near his home and shot at the rat. He thought he had wounded the rodent, but as it was making an effort to get away the doctor made an attempt to capture the rat with his hands, and in doing this was bitten on the back of the hand.

The injury was cauterized, but blood poisoning followed and the hand and arm became swollen to an abnormal size. Ten days ago he was brought to the city hospital. He has become unconscious and there is little hope for his recovery.

Eagles' Special in Collision.

One of the open cars of the Northern Ohio Traction company, running in East Tuscarawas street, was badly used up Thursday morning, when the special train to take the Eagles to Zanesville backed into it just as it was crossing the Wheeling & Lake Erie tracks. The car was running slowly at the time and when the train struck it it was pushed from the track and stood parallel with the railroad tracks after the collision. The rear steps of the passenger coach were torn off and one side of the car was caved in. No person was hurt.

## ASCENSION

Of Local Aero Club May be Made About Middle of July

## PLANS OF THE CLUB

Johnson Sherrick, president of the Canton Aero club, stated yesterday that the next ascension would be made about the middle of July. There is some probability that an ascension may be made several days before that but the plans of the club are somewhat indefinite.

The basket of the balloon of the Canton club is at present in New York being repaired. In the last ascension it was broken and extensive repairs were needed before another flight could be made. It is expected that it will be returned to Canton sometime during the early part of July and then the time for the ascension will be definitely decided upon.

Mr. Sherrick spoke of plans by the club of sending up two balloons at the same time. If another balloon can be procured during the summer the two ascension plan will be tried. At the present starting point, the gas is so piped that there would be little or no difficulty in obtaining the gas for two ascensions at the same time. An attempt will be made to persuade some other club or individual to bring a balloon here for such an experiment.

The Canton Aero club is in communication with Allan B. Halley, of New York, an aeronaut whose name is a household word among all ballooning enthusiasts. Mr. Sherrick received a letter from him several days ago in which he offered his services as a pilot to the local club. He stated that he would be ready for an ascension at any time, and it is probable that Mr. Halley was one of the contestants in the famous St. Louis balloon race last summer, and finished third.

Pilot Stevens who had charge of the "Ohio" on its last flight is at present in New York.

## AN INVESTIGATION

Of Children's Homes Will Be Made This Summer by Charities Board Official.

Columbus, June 25.—A special investigation of all the Children's Homes of the state is to be made under the new law, this having been decided upon at the meeting of the board of state charities Tuesday. The investigation will be made during the summer by Secretary H. H. Shirer. The board also redistricted the state for the commitment of insane persons from the various counties to the state hospitals. Few changes were made.

On County Option Bill Favors "Drys."

Columbus, June 25.—Attorney General Ellis has rendered his first official opinion on the Rose county local option measure. It is an extended opinion, but the gist of it is that a county option is not local option. The county is not exactly a community, but is greater than a community.

Hence, if a county votes dry, any sub-division of it that may be voted wet, goes dry thirty days after the election in the county. The attorney general holds to the view that the law is designed as an assault on the liquor traffic and all interpretations of the law must be had from that angle.

His opinion is directed to Eugene Carlin, prosecuting attorney of Wayne county, and holds that if a county votes dry it all goes dry, but if it votes wet the sub-divisions that may have voted dry heretofore, stay dry.

Fish Selling His I. C. Stock.

Chicago, Ill., June 25.—Within the last few weeks Stuyvesant Fish, former president of the Illinois Central railroad, has sold approximately 10,000 shares of his Illinois Central holdings. With the liquidation of the balance of his holdings, 2500 shares, soon, he will discontinue his interest in the railroad he began to build 30 years ago and over whose destinies for 20 years he presided as president.

Business Light at City Hall.

Business was very light at the city hall Thursday, owing to the fact that a number of the city officials were in Zanesville with the Eagles. Among those present from the city hall were Mayor Turnbull, Police Chief Smith, Fire Chief Mesnar, Superintendent of Water Works Ohliger, Server St. Clair and Safers Dunwoodie and Hall.
